

# Welcome Back to Catholic Family Services Prince Albert!

Here are some of the things  
we are doing to promote  
everyone's health & safety

Staff do a temperature check  
and health assessment every  
day. Each client will do the  
same. If anyone is unwell, they  
must stay home.

Staff and clients have free  
access to masks if  
needed/requested.

Everyone will use hand  
sanitizer at the beginning and  
end of every session.

More time is allotted for  
disinfecting between sessions.  
All high touch areas will receive  
additional cleanings.

Clients are to arrive alone and  
with limited personal items.  
Please call up so staff can allow  
you in and out of the building.

We appreciate your  
cooperation & understanding!
